Permit Information To insure complete records and proper filing please complete the following.

Permit No.: 9403 Permit Date: March 1, 1995

(If permit was issued after 1988)

(Date permit was signed)

Facility Type

☐ Class I

☐ Class IIIb

☐ Class V

☒ Class II

☒ Class IVa

☐ Class IIIa

☐ Class IVb

Facility Status

☒ Currently in Operation ☐ Closed - Date: _____

(The "Closed - Date" is the date that the landfill final cover construction was completed and will become the date that the 30 year post-closure care period begins)

Part II - Other Information

Annual Disposal

Tons disposed in reporting period: 1752.99 or cubic yards: _____

Tons per day: 4.80 Tons recycled: _____
(Total tons divided by 365)

Please provide the following information if available:

In-place density of waste: 95 lb/cu yard

Disposal capacity remaining at the site using one or more of the following measures:
(Please base capacity on those provided to the Division of Air Quality if this estimate has been made)

Years: 85

Cubic Yards: _____

Acres: _____

Tons: _____

Other Required Reports

Financial Assurance: Each facility must recalculate the cost of closure and post-closure care to account for inflation and design changes each year. The recalculation, along with proof that the new cost estimates are fully covered by the assurance mechanism currently be utilized, must be submitted.

Note Facilities using "Local Government Financial Test" must provide the information required in R315-309-3(7)(d)

Ground Water Monitoring: Each facility must submit a ground water monitoring report which contains water elevations, sampling results and statistical analyses, unless the facility has a ground water monitoring exemption or is a Class II landfill.

Please indicate if exempt from ground water monitoring: _____

Explosive Gas Monitoring: A gas monitoring report must be included unless the facility is a Class II, IV landfill or has an exemption. Please indicate if exempt: _____

Training Report: A report of all training programs or procedures completed by facility personnel during the year.

Signature: William R. Jones Date: 1-17-06

"Class I landfill" means a municipal landfill or a commercial landfill solely under contract with a local government taking municipal waste generated within the boundaries of the local government and receiving, on a yearly average, over 20 tons of solid waste per day.

"Class II landfill" means a municipal landfill or a commercial landfill solely under contract with a local government taking municipal waste generated within the boundaries of the local government and receiving, on a yearly average, 20 tons, or less, of solid waste per day.

"Class III Landfill" means a non-commercial landfill that is to receive only industrial solid waste, but excluding farms and ranches. Class IIIa may receive conditionally exempt small quantity generator waste, Class IIIb may not

"Class IV landfill" means a landfill that is to receive only construction/demolition waste, yard waste, inert waste, dead animals, or upon meeting the requirements of Subsection R315-320-3(9)(c), materials derived from used tires but excluding inert demolition waste used as fill material. Class IVa may receive conditionally exempt small quantity generator waste, Class IVb may not

"Class V landfill" means a commercial landfill which receives any nonhazardous solid waste for disposal. Class V landfill does not include a landfill that is solely under contract with a local government within the state to dispose of nonhazardous solid waste generated within the boundaries of the local government.
